

REGIONAL SUMMITS

Program Description

Regional Summits provide the tools, techniques, and tactics needed for student veterans to manage a successful and sustainable student organization. Throughout the summer and across the country, SVA National Headquarters hosts a regional conference with sessions and speakers aimed at preparing chapter leaders and members, as well as faculty, staff, and others for a successful academic year. Strategic planning curriculum is provided ahead of time so chapter leaders can come prepared to get their hands dirty in sharing best practices with others.

Beneficiaries

The program primarily serves SVA Chapters, where program participants are student veteran chapter leaders, 67% of whom are first-generation college students, as well as their faculty or staff advisors.
